

JAM is ...

A Japan Center of the Art Miles Mural Project.
We connect children in Japan to the world through Art.

Our Goal is 2010
"Great Pyramids Exhibition in Egypt"

Let's surround the Great
Pyramids of Giza in EGYPT
with the Art Miles Murals
from all over the World!

JAM's Missions

Japan Art Mile is dedicated to promoting global
harmony and the spirit of World Peace by
understanding and respect for the diverse cultures
in the world.

JAM's Visions

1. To enhance individuals' understanding of global issues by thinking and discussing the theme of a mural and to encourage children and youths to be independent and responsible for their thoughts and behaviors through the activity of creating a mural side by side in a group.
2. To broaden individuals' outlook open to the world by seeing their own works exhibited in the world.

JAM's Activities

1. **[Publicity]** Let children and students of schools and other education groups in Japan know JAM's activities as well as Art Miles Mural Project and appeal to them to join us.
2. **[Exhibition]** Exhibit created murals in and out of Japan. Exhibit each work at the virtual museum in JAM's website. Our goal is "Great Pyramids Exhibition in Egypt" in 2010.
3. **[International Exchange]** Promote international exchanges through Art Miles and support schools who hope to work with overseas schools through ICT.

To make exchange deep and hearty
